Intellectual Ecosystem Database Input Workshop

March 3–7, 2025

09:30–17:00

Alsterterrasse 1, Rm. 117

Intellectual Ecosystem Database Input Workshop aims at advancing the compilation, verification, and input of data related to the (mainly) Buddhist intellectual ecosystems within the Indic and Tibetan cultural spheres ecosystems. This primarily includes data related to Buddhist works and the persons involved in their creation and transmission, and their dating to the extent possible, along with other information such as relevant places and cataloguing and bibliographical material.

Working Groups:

Tibetan Canonical & Paracanonical: Orna Almogi, Dorji Wangchuk, Nicola Bajetta, Sonam Choden, Sonam Jamtsho, Rebecca Sundén, Jingyi Yang.

Sanskrit: Harunaga Issacson, Ryan Conlon, Shanshan Jia, Yadi Qu.
